Under that policy, the Company intends to increase the year-end dividend for the fiscal year ended October 31, 2017 by 5 yen from the previous fiscal year to 70 yen per share, taking into comprehensive consideration the internal reserves necessary for future business development and the Company’s financial standing. The Company has also considered the steady expansion of operations in the Parking Business and an increase in profit in car sharing services in the Mobility Business.

The Company plans to submit this matter to the 33rd annual shareholders meeting to be held on January 25, 2018.
